

OhioHealth and Select Medical Expand Joint Venture to Operate Physical Therapy Centers in Central Ohio

MECHANICSBURG, PENNSYLVANIA and COLUMBUS, OHIO – July 12, 2018 – Select Medical today announced an expansion of its joint venture agreement with OhioHealth to combine operations of 38 physical therapy centers throughout Central Ohio. The partnership designates OhioHealth as the majority owner; Select Medical will serve as managing partner.

“We are honored to broaden our partnership with OhioHealth to deliver expanded outpatient rehabilitative patient care in Ohio,” said Select Medical President and CEO David S. Chernow. “OhioHealth and Select Medical share a strong commitment to clinical excellence and we look forward to collaboratively building on that foundation in the years to come.”

Under the agreement, the combined outpatient rehabilitation services will include 22 NovaCare Rehabilitation centers, owned by Select Medical, and 16 OhioHealth centers. All are currently operating in the region.

“This growing partnership underscores our mission to improve the health of those we serve,” said Steve Markovich, MD, Executive Vice President, OhioHealth. “The addition of 22 NovaCare Rehabilitation centers to the existing OhioHealth network will allow patients to have better access to affordable, quality care in their communities.”

Select Medical and OhioHealth formed the initial joint venture in 2013 to operate OhioHealth Rehabilitation Hospital. The 74-bed hospital treats stroke, traumatic brain injury, and spinal cord injury patients.
