“We are honored that four of our inpatient rehabilitation hospitals have been recognized among the best in the country,” said Jeff Ruskan, president, inpatient rehabilitation hospital division at Select Medical. “These prestigious rankings underscore our commitment to clinical excellence, innovative rehabilitative care and outcomes that enable patients with catastrophic injuries and illnesses to rebuild their lives. We are also incredibly proud of the teams at these hospitals who are dedicated to delivering an exceptional patient care experience every day.”

U.S. News evaluated rehabilitation hospitals performance using a variety of measures such as scope of services, outcomes and quality/safety metrics, as well as reputational scores. The [methodology](#) factored in data from the Centers for Medicare & Medicaid Services, American Hospital Association, ERehabData, USDMR and medical rehabilitation specialists. For more information and to see full rankings, visit [Best Hospitals](#).

“The hospitals named among the best have extensive medical expertise and a history of delivering good outcomes,” said Ben Harder, chief of health analysis and managing editor at U.S. News. “When patients and their medical professionals are considering their options for care, the rankings are designed to help them identify hospitals that are superior in the kind of care they may need.”
