### [How to Download SeleCTLink](#)

The app can be downloaded on your personal smartphone from the Apple App Store or Google Play Store and is verified by your Select Medical network credentials. Once you have installed SeleCTLink on your mobile device, click LOGIN.

The only information needed is your Select Medical user name and network password (the information you type in every day to log into our network.)

### *User Name*

When logging into SeleCTLink, type in your user name followed by [@selectmedical.com](mailto:@selectmedical.com). For example: Bob Smith's user name is BSmith. So he will enter [BSmith@selectmedical.com](mailto:BSmith@selectmedical.com).

Another option is to type select\user name ... for example: select\BSmith. (There's no "medical" and please use a backslash between select and your user name.)

### *Network Password*

Then, enter your Select Medical network password (the one you use every day to log into our network).

Accept the Policy and you are good to go!

Your questions, comments and feedback on SeleCTLink are welcome and appreciated. Please send to: [CTLEmployeeApp@selectmedical.com](mailto:CTLEmployeeApp@selectmedical.com) or CTL-Employee App in Outlook.

Thank you!
